Who we are

We are Cambridge University Press & Assessment.

Part of the University of Cambridge, we help millions of people learn English and prove their skills to the world.

For us, learning English is more than just exams and grades. It's about having the confidence to communicate and access a lifetime of enriching experiences and opportunities.

With the right support, learning a language is an exhilarating journey. We're there with learners, every step of the way.

Your path to learning English, step by step

Cambridge English Qualifications are in-depth exams that make learning English enjoyable, effective and rewarding.

Our unique approach encourages continuous progression with a clear path to improving language skills. Each of our qualifications focuses on a level of the Common European Framework of Reference (CEFR), enabling learners to develop and build speaking, writing, reading and listening skills.

Our qualifications are based on research into effective teaching and learning. They motivate people of all ages and abilities to learn English and develop practical skills for the real world.

Whether learners are planning to live, work or study in their own country or abroad, our qualifications prove they have the English language skills to succeed.

Why choose Cambridge

English Qualifications?

Better progression

We offer a seamless journey from Pre A1 Starters to C2 Proficiency. As language learning is a long journey, it's important to have regular milestones to aim for – our exams provide focus and pace to keep students motivated, every step of the way.

Giving learners real-life communication skills

Our exams help to structure the language-learning curriculum. Our students are always aiming for a particular CEFR level, so teachers have a clear idea of how best to prepare students, and students have a clear goal in mind. Our exams are based on authentic situations and test all four skills, so preparing for the exams helps learners develop the skills they need inside and outside the classroom.

Accepted and valued worldwide

Cambridge English Qualifications are accepted and trusted by thousands of organisations worldwide. Our qualifications are a mark of excellence and open doors to exciting higher education and employment opportunities.

Comprehensive support for teachers

We provide a wide range of teaching support, exam preparation materials, free resources and training to help teachers support students more effectively and give them the best chance of success.
