How is Achiever Unique?

Oxford Achiever has been designed to offset challenges of traditional language lab learning solutions. Achiever's in-built level system will help you gauge a student's current language skills in each core category. Oxford Achiever builds English language skills through practice and remediation in six core learning areas of listening, speaking, reading, writing, grammar and vocabulary.

KEY FEATURES

Level-based Practice
Finely-graded practice exercises in levels that match each student's current standing and language ability

Self-learning
Immediate objective-specific remediation is given after each practice

Easy Performance Tracking
Multi-faceted reports including detailed analysis of common errors made by students

Find Your Level
A diagnostic auto-marked Eligibility Test that determines the starting level of each student

Benefits

Institute
